

## FLEXADUX® HT PU 1.4

Polyurethane ducting for high temperature applications

- Applications** granulate conveying, conveying of abrasive media, high temperature applications, dosing, conveying technology
- Structure** TPU / Polyester-Polyurethane, translucent, steel wire / spring steel wire / not coated / copper plated
- Temperature** -40°C up to 145°C, short term up to 165°C
- Properties** medium weight, good flexibility, very good low-temperature flexibility, very good temperature resistance, very good abrasion resistance
